

Grounds Keepers / ⚡ **Power Keeper Team**

✨ **Purpose**

Power Keepers help manage the festival's energy systems—monitoring electrical infrastructure, supporting generator maintenance, and assisting with troubleshooting to keep power flowing reliably.

🔧 **Tasks & Responsibilities**

- Monitor power systems to ensure the festival's electricity needs are met
- Assist with generator maintenance and fuel management
- Work with the Power Keeper Lead to solve power-related issues as they arise

🕒 **Time Commitment**

- Festival shifts: Throughout the festival duration
