

Technical Production / 📷 **Media Capture Team**

✨ **Purpose**

The Media Team is responsible for capturing and producing content that documents the festival and creates promotional material. Their work ensures that the festival's moments are preserved and shared with the community and broader audience.

🔧 **Tasks & Responsibilities**

- Capture photos, videos, and live streams of the festival, documenting key moments, performances, and workshops
- Collaborate with other teams to capture essential content across various activities and performances
- Ensure content aligns with the festival's tone and vision for promotion
- Work closely with video technicians and the marketing team to ensure high-quality content is captured and edited

🕒 **Time Commitment**

- Pre-festival: Media planning and coordination
- Festival shifts: 8-hour shifts throughout the festival to capture various moments
- Post-festival: Assist with editing content and preparing materials for marketing
- Collect and submit all media materials to the Festival Director for post-event use
